## CAMPAIGN GAINS STRENGTH DAILY

ANTI-MEAT CRUSADE IN CHICAGO AFFECTS PRICE OF FOOD

### WILL MEAT BE BOYCOTTED?

Thousands Have Engaged in the Re-buffs to the Packers for the High Prices of Meat Product.

[BY ASSOCIATED PRESS.] Chicago, Ill., Jan. 21.—The anti-meat campaign is growing rapidly and reports today indicate the addition of many thousands to the ranks of boycotters.

The larger cities of the east count meat eaters by thousands, and a similar situation exists in the west and south.

Kansas City alone expects to show at least eighty thousand who will stop the consumption of meat for at least thirty days.

Memphis is in line today with several hundred recruits.

The labor unions everywhere seem to be making special efforts in opposing the meat eating as the most effective means of forcing the reduction of prices.

Thirty thousand is the number of meat boycotters here. The whole sale price of beef today fell off fifteen cents per hundred pounds.

## WALLACE INGALLS GIVES HIS IDEAS

Racine Assemblyman Takes Prominent Part in Washington Conference.

[SPECIAL TO THE GAZETTE.] Washington, D. C., Jan. 21.—Delegates from Wisconsin took a prominent part in the conference to promote uniformity of laws relating to liability of employers Thursday.

Assemblyman Wallace Ingalls, Racine, a candidate for congress next year, spoke at Madison last winter, while speeches were made by Senator A. W. Sanborn, Ashland; Assemblyman C. C. Johnson, Stanley; Dr. Charles McCarthy, Madison, and J. D. Hook, commissioner of labor of Wisconsin.

About twenty states were represented at the conference by more than 100 delegates. The meeting will be held in Chicago, June 10.

Mr. Ingalls' speech followed on by John Mitchell, labor leader. Mr. Mitchell was for any plan of industrial insurance that would be practically compulsory. He favored the so-called English plan but indicated that if this was impossible on account of constitutional limitations the plan suggested by Ingalls would be a decided step in advance.

Ingalls Outlines Plan. The Racine assemblyman asserted that his plan could be practically compulsory in operation. He outlined it briefly as follows:

Destroy by legislation practically all common law defenses now interfering in negligence cases of an industrial character. Then enact a law authorizing contract to be entered into between employer and employee whereby definite amounts shall be paid for death, loss of limb or other injury, irrespective of the question of negligence or fault.

Provide for the appointment by the governor of a board to determine in which class the injury shall fall, requiring proceedings before such board to be summary in order to facilitate the settlement of awards.

Provide also that no appeal be allowed from the determination of the board.

Mr. Ingalls suggested that the law should not apply to railroad corporations in as much as most railroad employees are engaged in interstate commerce.

## OSHKOSH PEOPLE ARE CAUGHT IN BREAK

Many Lose When Stocks Decline, Have Bought Them on Margins Some Time Since.

[SPECIAL TO THE GAZETTE.] Oshkosh, Jan. 21.—A number of Oshkosh people have been hit by the recent collapse of stocks of the New York exchange. A number of them bought stock through brokers and are suffering a loss as a result of the decline of the stock and the failure of several companies.

## ARGUMENTS IN DAM CASE ENDED TODAY

Attorneys Jeffris, Ruger and Col. Bird Make Final Pleas and Case Was Taken Under Adjudication.

The arguments in the case of the State of Wisconsin ex rel vs. Pliny Norcross were concluded this afternoon and the judge took the case under advisement. M. G. Jeffris, one of the attorneys for the defense, spoke this morning and William Ruger, Jr., for the plaintiff. The case was closed this afternoon. Late this afternoon Col. G. W. Bird of Madison closed the case for the state.

## ESCAPES DEATH BUT IS BADLY INJURED

Drakeham Dragged for Some Distance But Was Not Killed Though Badly Hurt.

[SPECIAL TO THE GAZETTE.] Manitowish, Jan. 21.—Henry Wilson, a brakeman employed by the C. & N. W. road, was injured at the Calumet yards early this morning by being carried over the wheels of a car while attempting to make a coupling. Wilson was dragged a distance of thirty feet along the track and narrowly escaped being crushed under the wheels.

## TWO NATIONS ARE POLITE IN THEIR NEGATIVE ANSWER

Both Japan and Russia Do Not Care to Have Anything to Do With Neutralization of Manchurian Railway.

[BY ASSOCIATED PRESS.] Tokyo, Jan. 21.—The reply of Japan to the United States proposal for the neutralization of the Manchurian railway was handed to Ambassador O'Hara this afternoon. It is a polite refusal.

Japan's Attitude. It is understood that Japan's refusal is based upon several grounds. That the American plan is of no advantage to Japan nor to China; that it would not change the commercial situation as Japan is adhering to a policy of an open door policy.

Russia's Reply. St. Petersburg, Jan. 21.—Russia's reply to Secretary Knox's note proposing the neutralization of the Manchurian railway, was delivered to Ambassador Rockhill today. It is practically identical with Japan's reply.

## HAVE LIBERALISTS WON THE VICTORY?

Question as to Possible Length of the New Parliament.

[BY ASSOCIATED PRESS.] London, Jan. 21.—Grave doubts are felt over today's election. Thursday's polling ought to have resulted in ten Liberal gains, if the Conservatives' poll had risen in the same proportion in the counties as it had risen in the boroughs. In reality the Conservatives won thirteen, or one in every three of those which they attacked. In the boroughs they had won one in four. This is a setback for the Liberals who had hoped to have done better in the counties than in the boroughs.

If, as is possible, the county electors should vote throughout as they voted yesterday, the Liberal majority will be nearer 150 than 200. The old foundation does not seem to have been shaken to the uttermost, the publicans, brewers and clergy have brought out the last man of their followers, and as a result it is doubtful now whether the Liberal majority will exceed 100.

Portends Further Losses. In 1885 when the Liberal majority was 172 in the whole house, they had just as many seats as they have today in the constituencies which have already been polled, but the heavy loss in the Unifoliate vote in the counties adjacent to London portends further losses.

Wales stands firm, although two seats have been lost by 8 and 14 votes, respectively. One seat was lost in Scotland by 41 votes.

The Westminster polling Thursday completed the returns for London, the Liberals holding twenty-eight of sixty-one seats, the largest proportion they have ever held with the exception of the election of 1906, which was quite phenomenal. Wednesday the Liberals lost two seats in Nottingham, but they polled a majority of all the Nottinghamian votes cast. Merthyr Tydfil returned John Hardie and his Liberal colleagues with 10,700 majority.

Parliament May Soon Dissolve. The disappearance of what seemed a certain majority of nearly 200 renders it possible that the new parliament may be short lived. The smaller the Liberal majority, the more certain it is that the king will not make new peers to reduce the House of Lords to order. The ministers will then resign. Balfour will come in and dissolution will follow in May or June. A pleasant prospect truly, especially for business men desiring to take advantage of the rising boom in trade.

## PRIEST'S SERMON IS CAUSE OF LAW SUIT

Plaintiffs Allege Minister Defamed Their Character in Address Against Card Parties.

[SPECIAL TO THE GAZETTE.] Marquette, Jan. 21.—As a result of statements alleged to have been made by the Reverend J. H. Plette of Florence in the course of a sermon in the Catholic church last Sunday morning, Mr. and Mrs. Elmer Small have commenced suit in the Circuit court for slander and defamation of character. Damages are demanded in each case to the sum of \$500.

The suit commenced by Mr. and Mrs. Small is the outgrowth of a card party. In the sermon denouncing card parties in general, Reverend Plette is alleged to have made statements derogative of the characters of the plaintiffs in the case.

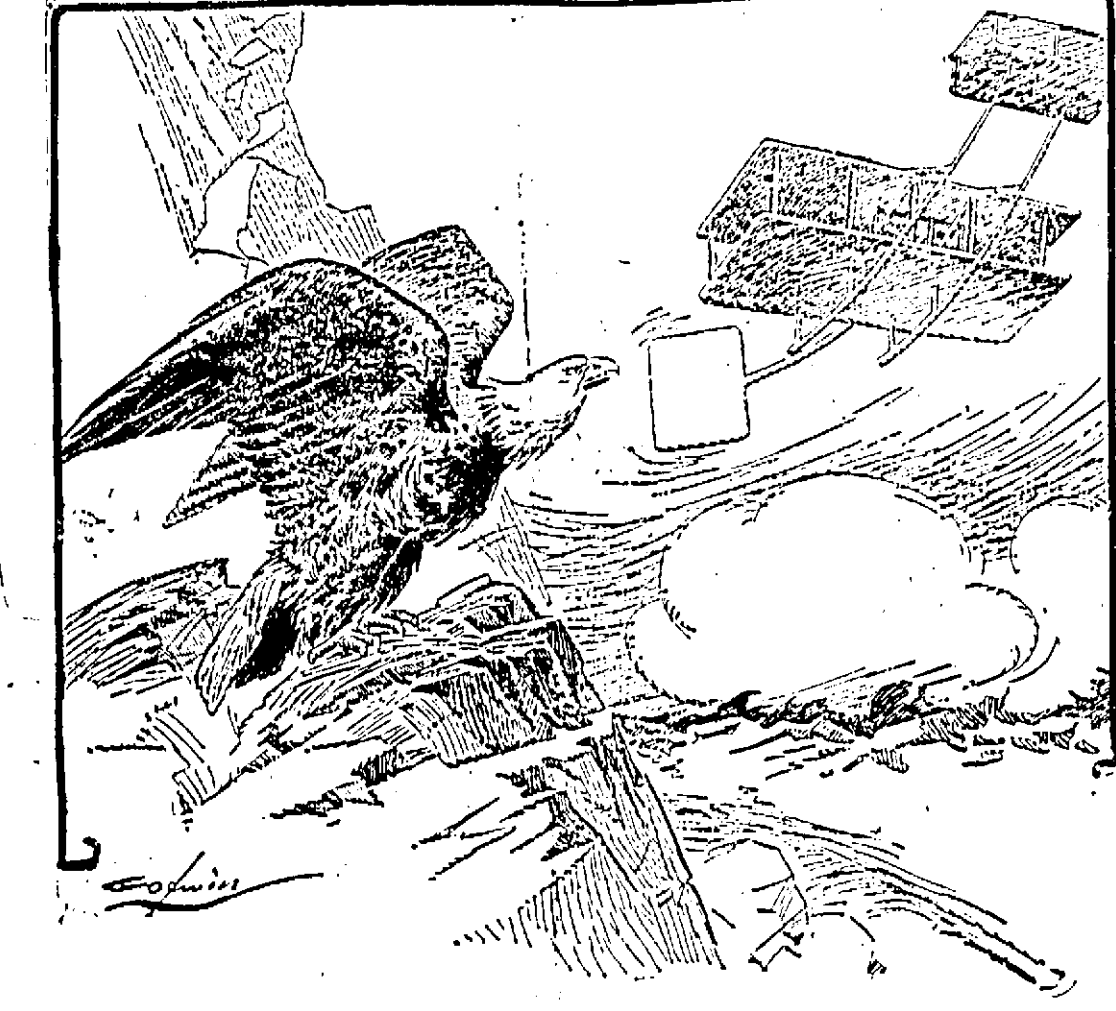

## WOULD CURTAIL ELECTIVE AND INCREASE APPOINTIVE OFFICES OF GOVERNMENT

Question Of Shorter Ballot, Eliminating Minor Offices, Discussed At Meeting In New York.

[SPECIAL TO THE GAZETTE.] New York, Jan. 21.—In response to a call issued by President Woodrow Wilson of Princeton University, a number of prominent men interested in the public welfare met in conference at the Hotel Astor today to discuss the short ballot principle. The short ballot idea is a proposal to reduce the number of elective offices by putting the minor elective offices on the appointive list, thus simplifying the work of the voter.

## CORAL, ILL. COUPLE WERE WEDDED AT COURT HOUSE

A marriage license and special permit were today granted to Ellis R. Altveit and Mary E. Crossland, both of Coral, McHenry county, Ill. They were united in marriage by Rev. Dr. Denton.

[SPECIAL TO THE GAZETTE.] Pierre, S. D., Jan. 21.—Pursuant to a movement started by the State educational association, special exercises in celebration of "Bendle Day" were held in the public schools throughout South Dakota today. The purpose was to arouse public interest in the plan for the erection of a monument in the new State Capitol in honor of the memory of W. H. H. Bendle, who was the pioneer of educational work in the Dakotas.

## MORRIS WILL STAY IN GUBERNATIONAL RACE 'TIL THE END

L. V. Croase Senator Not to Withdraw Unless Requested to Do So by the Whole Party.

[SPECIAL TO THE GAZETTE.] La Crosse, Jan. 21.—Senator Thomas Morris returned from Montana and the predicted announcement of his withdrawal from the gubernatorial race was not forthcoming. Mr. Morris said there had been no change in the situation so far as he had been concerned since the last conference. He indicated there would be no change unless he was requested to do so by a representative gathering of republicans from all parts of the state. He has received a large number of letters including him to make the race, some of the strongest coming from Milwaukee.

## ANOTHER IDEA OF PANHANDLE, TEXAS

INTERESTING LETTER FROM K. KILLAM IS RECEIVED.

DISAGREES WITH J. E. INMAN

Tells of His New Home in the Lone Star State—Country Agreeable.

Barren, Texas, Jan. 16, 1910.

Editor Daily Gazette, Janesville, Wis.

On reading the article in your issue of Jan. 10th written from Fanninville, Texas, by Mr. J. E. Inman of Janesville, we were somewhat surprised and not a little amused at the tone as well as the character of some of the statements contained therein and while we have not the pleasure of a personal acquaintance with Mr. Inman we feel sure he must have struck Texas under unfavorable circumstances and from his own state mental impression rather than from personal observations, and information gained from the chronic blabbers that abound in all the small towns of the Western country, for when one stops to think that what is generally spoken of as the Panhandle of Texas comprises a district nearly as large as the state of Wisconsin, it would be hardly fair to condemn the whole country from observations and information gained during a brief stay in one little town. Now we wish it distinctly understood that we are not in the least hostile to the business as we are neither buying nor selling, neither are we writing to defend or advance the interests of any Real Estate Agency. Mr. Inman in his article calls attention to the many cattle that have died from want of water and food. Now while we are unacquainted with conditions in the immediate vicinity of Fanninville we have seen some of the plains district during the past summer and when one stops to think how this whole country has been occupied for the last twenty-five or thirty years, by ranch men with their herds of thousands of cattle and horses with nothing whatever to live on during the entire year except the native grasses and with no artificial protection whatever from the storms and cold and then when we realize that all that die either from exhaustion, disease, or any other cause are left right where they die and are never buried but their carcasses are plainly seen on the prairie for years, afterwards and again the laws of Texas are very strict and thoroughly enforced in regard to shipping any diseased animals, as all have to pass a rigid inspection which are seen and the railroad station where too many cattle have been held under unfavorable conditions and among the many thousands held a good many have died, this certainly would furnish no evidence against the condition of the country but simply illustrates the faulty judgment and mismanagement of those having the stock in charge and notwithstanding these occasional losses everyone here well understands that the business has been a very extensive and profitable one. From what I have seen since being here I am satisfied the percentage of loss among the live stock here from all causes would not suffer in a comparison with the same losses even in Wisconsin.

Mr. Inman calls attention to the barren appearance of the country and says he saw nothing that seemed to thrive except the Russian thistle which grew luxuriantly and in great profusion and says he saw specimens over four and six feet across, which I am sure would indicate a very rank growth. Now anyone at all acquainted with the nature of the Russian thistle (which is very similar to our native tumble weed and grows vigorously during the latter part of the summer in all sections of the western country on partially cultivated lands) will readily understand that the same soil and climatic conditions that produce a good crop of Russian thistles will also produce a good crop of grain if properly cultivated.

We are not engaged in the business of booming this country, but we can not help thinking perhaps the judgment of Mr. Inman was formed somewhat hastily and that the impression created by his article around Janesville might be slightly erroneous. We do not expect to live to see this part of Texas develop to compare with southern Wisconsin as there are not many parts of the western country that ever will and while we have some serious drawbacks and disadvantages here to contend with; we also have some very great advantages over many part of the northern country among which are a fine and healthy climate, almost constant sunshine during the winter months, an abundance of the best water we ever drank, a good deep soil, easily cultivated after once broken, and well adapted to the production of several kinds of profitable crops, the benefit of low taxes (about four cents per acre this year), a quiet, intelligent, law abiding class of citizens, and the absence of the saloons and its influence, as there are no saloons allowed in this part of Texas.

We have neighbors from Wisconsin, Illinois, Iowa, Nebraska, Missouri, Indiana, Ohio and Pennsylvania and they are as fine people as one could wish to live among. Now while we should not advise anyone who is well situated and contented in southern Wisconsin to change their location, we are still of the opinion that for those seeking a milder climate and for young people with limited means who seek to make a home on cheaper land and who are willing to put up with some inconveniences for a time that this part of the country offers some advantages worthy of investigation.

During the past week there has been three steam plows and many teams constantly working on the land within sight of us. Assuring you that we highly appreciate the daily visits of the Gazette and with kind regards to all, I remain,

K. KILLAM.

## DISCUSS PLANS FOR THE COMING SEASON

Officers of the Mississippi Golf Club Hold First Meeting for Present Year.

At the meeting of the officers and board of directors of the Mississippi Golf Club held last evening, matters of importance to the club and plans for the coming season were decided upon. The report of the retiring house committee, of which Mrs. David Holmes was chairman, was read and approved. This committee earned during the season a total of \$867.40. This sum was raised by two large dancing parties, one in the spring and the other at Thanksgiving, the weekly dances during the club season and the afternoon bridge games. The committee expended during the term of office \$554.45. Of this sum \$469.07 was paid for the new porch at the club house and the remainder for minor repairs.

The committee left a balance in the treasury of \$443.33 for the next house committee to use as a nucleus for their work. This is a rather remarkable showing for one year's work. At the meeting last evening no new chairman for the next committee to have charge of the club house was named and the matter was left to a nominating committee which will report next week. Edward Peterson was named as chairman of the Games committee, and Francis Grant of the Greens committee. Both will name their committees. A membership committee was named of H. H. Bliss, H. W. McNamara and J. P. Baker. Other matters were discussed and an adjournment was taken for one week.

BRIEF LOCAL NEWS.

Bus Team Ran Away: A team of horses belonging to Ed. Welch, busman at the Grand hotel, became frightened and ran away Wednesday evening. They started from near the hotel, ran up West Milwaukee street on to Locust and finally wound up beyond the State Institute for the Blind.

Plan Entertainment: The entertainment and refreshment committee of the Summer Club of Household Economics are planning for the mid-winter meeting of the club to be held in the Congregational church, Saturday, Jan. 29th—McKinley Day. Let each member wear a pink carnation, if possible. A short business session will open at 2 o'clock, followed by a pleasing program and choice refreshments.

CHICAGO-OTTUMWA RATES CUT.

Interstate Commission Declares Railroad Charges Are Excessive.

Washington, Jan. 21.—Railroad freight rates between Mississippi river crossings and Ottumwa, Ill., are declared by the Interstate commerce commission to be unreasonable and excessive.

In an order issued by the commission in the case of the Ottumwa Commercial association against the Burlington, St. Paul, Rock Island and Wabash railroads, the rates on first class freight were reduced from 61 cents to 51 cents a hundred pounds, and those on second class freight from 50 cents to 46 cents a hundred pounds, from Chicago to Ottumwa. These rates are to be made effective for two years beginning March 15.

Tariff League Meets.

New York, Jan. 21.—Representatives from 19 states attended the twenty-fifth annual meeting of the American Protective Tariff league here and adopted a resolution deprecating further tariff agitation and objecting to the re-election of congressmen who were "enemies of protection" or "promoters of tariff disturbance and uncertainty."

Shipwrecked Crew Reported Safe.

Galveston, Tex., Jan. 21.—The crew of the tug Jimmie, believed to have been lost when that vessel was wrecked in the Gulf of Mexico several weeks ago, were reported safe at Colon, Panama, in a cablegram received here.

Woman and Her Apparel.

To a woman, even the prospect of new and pretty apparel is positively invigorating, the selection is another most bracing proceeding, while the actual wearing of the clothes completes a certain cure for depression.

## PLANT BLOWS UP; TWO HURT.

Hundreds of Lives Are Endangered by Gas Explosion.

Benton Harbor, Mich., Jan. 21.—Hundreds of lives were endangered, two men, Ira Cobe and Charles Vinson, were seriously burned and injured when the main portion of the Benton Harbor and St. Joe Gas Company's plant blew up from some unknown cause.

The explosion occurred in the generating room, where four men were working, and they were hurled high into the air and fell buried beneath the debris. Flames, which broke out after the explosion, threatened for a time to communicate with the storage tanks filled with gas. Only hard work by the firemen prevented this. The plant is located near the business section of the city and hundreds of homes, business houses and offices are without gas.

In the building of theater galleries and grandstands the supporting strength of the structure has to be carefully worked out. This is done by multiplying the area in square feet by the pressure which it is estimated a crowd exerts to the square foot, and making the supports proportionately strong.

## A VIEW BY CAMERA OF SNOW SHOVELERS

Some of the workers in the North-Western Railroad Yards During the Recent Snow Blockade.

Those residents of Janesville who have not had the opportunity of the inclination to view the Chicago shovelers who departed yesterday for their winter residence after clearing the yards of snow and holding up the railroad for big wages and plentiful supplies of food and clothing, now

A FEW OF THE FOUR HUNDRED SNOW SHOVELERS WHO WERE IMPORTED FROM CHICAGO TO WORK IN THE NEW YARDS.

have this chance through the medium of the camera.

The photograph shows a portion of the force at work in the yards and also shows to what height the snow was banked on the sides of the various side-tracks.

In the center of the picture is one of the leaders of the men who voted the demands, first, for twenty-six cents an hour and "chicken for dinner"; next for thirty cents, and finally for shoes, caps, mittens and whiskey. He was known familiarly as "The Bear."

### Boycotted the Doctors.

Something novel in the line of a strike or boycott was recently reported from a small town in Burgundy. The physicians of the place raised their rates 30 per cent, and a mass meeting of all the ailing folks was called, at which it was decided to dispense with the medical men's services and trust to luck to get well.

### Economical Saxon Stoves.

For hundreds of years the people of Saxony have used stoves made of fire brick covered with glazed tiles, which retain and gradually radiate the heat for hours after the fire has gone out.

### SOME HARD KNOCKS

Woman Gets Rid of "Coffee Heart"

The injurious action of coffee on the heart of many persons is well known by physicians to be caused by caffeine. This is the drug found by chemists in coffee and tea.

A woman suffered a long time with severe heart trouble and finally her doctor told her she must give up coffee as that was the principal cause of the trouble. She writes:

"My heart was so weak it could not do its work properly. My husband would sometimes have to carry me from the table, and it would seem that I would never breathe again.

"The doctor told me that coffee was causing the weakness of my heart. He said I must stop it, but it seemed I could not give it up until I was down in bed with nervous prostration.

"For eleven weeks I lay there and suffered. Finally husband brought home some Postum and I quit coffee and started now and right. Slowly I got well. Now I do not have any headaches, nor those spells with weak heart. We know it is Postum that helped me. The Dr. said the other day, 'I never thought you would be what you are.' I weigh 158 pounds and now weigh 178.

"Postum has done much for me and I would not go back to coffee again for any money. For I believe it would kill me if I kept at it. Postum must be well-bottled like directions on pkg. say, then it has a rich flavor and with cream is fine." Read, "The Road to Wellville," found in pkg. "There's a Reason."

## BIG NEW YORK FIRM SUSPENDS

ROBERTS, HALL & CRISS, NEW YORK STOCK BROKERS, IN TROUBLE.

FIRM'S DEBTS ARE \$3,000,000

President Thomas, of the Stock Exchange, Promises a Rigid Investigation—Deal in Hocking Valley Securities Factor in Crash.

New York, Jan. 21.—Shortly after the opening of the stock exchange President Thomas announced the failure of Roberts, Hall & Criss, brokers, with offices at 62 Broadway. This suspension was a result, like those of Lathrop, Huskins & Co., of the sensational drop on Wednesday of 63 points in the price of Columbus & Hocking Coal & Iron Company stock.

\$6,000,000 involved in failures. In a general way the failure of Roberts, Hall & Criss represents \$3,000,000; that of Lathrop, Huskins & Co., something like \$1,000,000, and that of J. M. Fiske & Co., \$2,000,000, or about \$6,000,000.

There is a very uneasy feeling in Wall street that the trouble has not completely abated. Several firms, it was stated, had experienced trouble in having their checks certified and there was a suggestion that at least one other firm would be forced to the wall before the Hocking incident is closed.

Promises an investigation. President Thomas informed the members of the exchange that there were certain circumstances surrounding the affairs of the firm which required investigation and that the governing committee would immediately commence an inquiry.

President Thomas also informed the members who had outstanding contracts with the suspended firm to sell all of them "under the rule."

While no statement is yet forthcoming as to the assets and liabilities of the firm of Roberts, Hall & Criss, Hugh Criss, the board member of the firm, said with much feeling:

"We have failed for \$3,000,000. I want to say that I am simply the goat for the members of the pool, for other brokers have welched on me. I took their orders in good faith and they went back on their word. What they did is no better than the act of a man who welches on a poker debt. I have given the board of governors of the exchange the names of all the brokers who welched on the firm and I understand the governors will consider the matter at an early date.

"The firm will be able to pay 100 cents on the dollar and resume business if the governing committee of the stock exchange will not allow the firms with which we are doing business to welch on their contracts."

The firm of Roberts, Hall & Criss consists of Walker J. Hall, J. Novin Roberts, H. F. Criss and Thomas H. Criss. The firm has an office in Cincinnati and has done a very large business.

DOCTOR'S SWEETHEART PLEADS.

Miss Lorraine Calls on Governor in Behalf of Oscar R. Bullard.

Springfield, Ill., Jan. 21.—Proclaiming tearfully the innocence of her married sweetheart, with no other evidence than her woman's intuition to offer, Miss Lorraine Lohman of Chicago appeared before Gov. Doremus and besought him to refuse to honor a requisition from the governor of Missouri for the return to St. Louis of Dr. Oscar R. Bullard, who escaped from the workhouse in that city while serving a five months' sentence for wife abandonment.

As the requisition had not reached the executive office, the governor, through his secretary, Charles M. Thibey, informed Miss Lorraine that he would notify her upon the arrival of the papers.

Dr. Bullard formerly was assistant physician in the Jefferson hospital at St. Louis.

BEATEN TO DEATH IN HOME.

Terrible Work of Black Hand Is Seen in New York Crime.

New York, Jan. 21.—Triple murder was revealed in an obscure flat in the heart of New York's East side. Two women and a man are the victims and the manner of death was horrible.

Gagged with silk handkerchiefs and their heads crushed with a hammer or ax, the victims were left bleeding and fully dressed on the floor with a whimpering ball terrier as companion for the dead. Robbery or vengeance of the Black Hand is believed to have been the motive.

Salvatore Scalpone, a well-to-do young Italian barber, his wife and a middle aged woman, believed to have been Mrs. Scalpone's mother, were the victims.

Lake Carriers' Association Meets.

Detroit, Mich., Jan. 21.—In the president's address at the opening of the annual convention of the Lake Carriers' association here, William Livingston declared that friction between the vessel owners and their employees had been greatly reduced since the adoption of the carriers' open shop policy. Nearly 9,800 employees had taken advantage of the association's "welfare plan," said President Livingston.

Gorges Imperil Bridges.

Bloomington, Ill., Jan. 21.—All central Illinois bridges are in peril, due to gorging of ice at every structure, and at Lawndale and Mason City dynamite is being used to break up gorges that have formed.

# Remodeling Sale

Special to Saturday, Jan. 22

Winter Coats for \$1.00

At this ridiculous price we will place on sale a number of warm Winter Coats in jacket styles. Just such garments as could be worn to work and to save a better one. Nearly every coat is lined throughout and were originally priced up to \$12. Also what are left in stock of Children's Winter Coats at a dollar. At this same price we will also include a few odd Wool Skirts. When you think of the prices we are placing on lines for these special sales it's not to be wondered that the responses have been so liberal. Quantities, however, are limited and the earlier in the day you come the better bargains you can pick up.

## INTERESTING FACTS OF NEW YORK CITY

ONE baby born every three and one-half minutes every day in the year is the way New York City did her share. In 1907 toward the propagation of the human species, deaths occurred only at the rate of one in five and one-third minutes, and from that it will be seen that the big city would be able to grow with considerable rapidity, even if immigration ceased. Accidents last year resulted in 3,519 deaths; there were 284 murders and 711 suicides. There was a marriage every eight and one-third minutes. The largest single cause of death was consumption, which had 8,299 victims. Organic heart disease caused 7,237 deaths.—Human Life.

So it seems that organic heart trouble is next to "consumption" in the cause of deaths—and yet people will continue to drink coffee when the ablest men in the medical profession have time and again stated that "caffeine in coffee is frequently the direct cause of organic heart trouble."

Well informed physicians will tell you that

**POSTUM**

Is a food beverage—when boiled for 15 minutes. Builds up coffee-worn nerves and tissues—strengthens the heart, clears the brain and makes the red, red blood of good health.

The real proof of anything is in the testing, so why not quit coffee for ten days or two weeks and drink Postum—you can prove the facts for yourself.

## REPUTATION

Years of good service and hundreds of pleased and satisfied patients who confer their steady patronage make a dentist's reputation.

Dentistry is an exact science, and a dentist by study, skill and experience combined with complete and modern equipment can do what he says he can.

My reputation in the vicinity is based upon fulfillment of my spoken or advertised word.

My method of extracting teeth is painless.

A PLEASING PROSPECT.

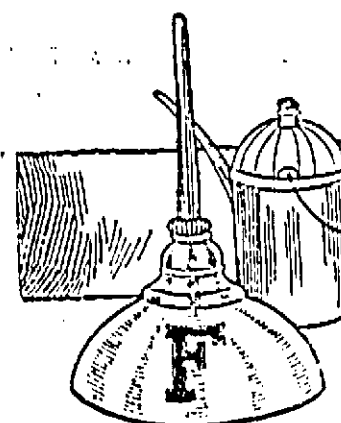

"Have you read about the horrid way in which they want to treat the English dukes?"

"No. What do they propose to do to the poor things?"

"It appears that the government wishes to make them paupers by raising their taxes."

"Oh, good! If they do that perhaps more of them will have to come over here to get rich wives."

What weapon?

## RAILROADS HAVING TROUBLE ONCE MORE

Snow Drifted into Cuts, Delaying Traffic in Some Places.

Heavy winds last night drifted railroad cuts full of snow and as a result, passenger and freight traffic on both roads is being run far behind schedule today.

On the C. & M. & St. P. train 131, due here from Chicago at 10:25, was two hours and a half late, and train number 8, from Mineral Point to Milwaukee, due here at the same time, was nearly two hours behind time.

The paper train from Milwaukee, due here at 6:45 a. m., number 7, did not arrive until 11:45. Although all the divisions are now open, every regular train is far behind schedule time.

One stock train of fourteen cars was stalled in a cut about four miles west of the city last night just this side of Hanover, and was pulled into the city in sections this morning.

On the Chicago and North-Western road the same conditions prevail. Several freight trains, including numbers 21 and 23, are being held in the local yards. The Chicago "apocryphal," due here from the north at 4:20 a. m., was nearly four hours late, while other morning trains were also delayed. A heavy snowfall which came down from the north about eleven o'clock cleared the North Wisconsin division of drift.

The Perfect Wife.  
The poet Robert Burns was of opinion that the perfect wife was made up of ten qualities. Four parts went to good temper, two parts to common sense, one to a keen intellect, one to beauty of person and two parts were apportioned to family, fortune or education.

# PAROLE IS GIVEN P. O. STENSLAND

PARDON BOARD FREES FORMER  
PRESIDENT OF DEFUNCT  
CHICAGO BANK.

ALSO CASHIER H. W. HERING

Failure of institution Was Attended by  
Death and Much Wretchedness  
Among Depositors—Men Probably  
Be Released Saturday.

Joliet, Ill., Jan. 21.—Before the end of this week Paul O. Stensland, president, and Henry W. Hering, cashier, of the wrecked Milwaukee Avenue bank of Chicago, will be free men.

As a result of the action taken by the board of pardons here they will be released from the Illinois state penitentiary either Friday evening or Saturday morning—Saturday morning at the latest, it is said, thus assuring them the privilege of spending Sunday with waiting kin.

Are Sufficiently Punished.

In the eyes of the law, the action of the board being taken as a criterion, the former bankers, on whom was fixed the wrecking of their institution, the failure of which created one of the greatest sensations in the recent history of the financial world and resulted in death and despair entering into the homes of trusting patrons, Stensland and Hering have been sufficiently punished for their misdeeds and should be given the opportunity to begin anew and to make such restitution as they can.

After a day of uncertainty the pardon board, through Ethan Allen Salvey, announced that it had, after giving due consideration to all points involved and after carefully weighing the protests voiced against the release of the bank wreckers, decided to release them on parole. It was also announced that the men would not be immediately released but that, instead, they would remain behind bars for a further period, probably until Friday evening, but possibly until Saturday morning.

Stensland is ill.

The information that their application had received favorable consideration and that they would soon be restored to society subject, of course, to the restrictions of a parole, was at once conveyed to Stensland, who is ill in the prison hospital, and Hering and they were probably the happiest men in the world.

Three years have the former bank officials been state charges. On September 26, 1906, Stensland, following his arrest in Morocco, after a sensational flight, entered the penitentiary. Preceding him by a little over a month, came Hering. Since then they have been average convicts, they have been treated as such and they will continue to be treated as such until the date of their release.

One of the striking features of the proceedings before the pardon board centered in the fact that not a relative or business friend of either Stensland or Hering appeared in their behalf. Only their legal representatives were on hand and they waged the legal battle which resulted in the bank wreckers and his first assistant being liberated.

# FRANK E. HERING IS WEDDED.

President of Order of Eagles Marries  
South Bend Lady.

South Bend, Ind., Jan. 21.—Frank Earl Hering of South Bend, national president of the Order of Eagles, former Democratic candidate for lieutenant governor of Indiana, former football player, and who was recently divorced by his wife, Mrs. Florence Hering, to whom he was married to pay \$10,000, was married to Mrs. Charles Orton, widow of William Orson Orton of South Bend.

The ceremony was performed at the residence of the bride's mother, Mrs. B. G. Ormby, in Milwaukee, by Dr. Enoch Perry of the Wesleyan Methodist church.

# ARREST CLEVELAND BANKERS.

President and Secretary Are Charged  
with Perjury—Out on Bail.

Cleveland, O., Jan. 21.—President U. Grant Walker and Secretary W. G. Duncan of the South Cleveland Banking Company were arrested on indictments for perjury. The men are out on bail.

The bank of which they were active officers failed recently because of loans aggregating \$1,141,000 made to the Warner Publishing Company of Akron, now in the hands of a receiver.

Engineer Hurt in Railroad Crash.

Dubuque, Ia., Jan. 21.—A west-bound Chicago Great Western railroad passenger train ran into an open switch at Graf, near here, and crashed into a freight train on a siding. Engineer C. McDaniel of Chicago jumped from the engine and was fatally hurt. The passengers were badly shaken up.

Coat Too Much Like Heather.

The coat of a red setter normally stands out fairly clearly against heather of the ordinary hue; when, however, it gets soaked with rain it darkens very much and blends very closely with the heather. The Gordon setters are, perhaps, the worst in this regard of assimilating with the color of heather, and so being liable to get a charge of shot—possibly life.

# WOMAN RECLUSE MURDERED AT HOME IN ROCKFORD

Victim's Head Crushed in—Body Mutilated—Clinton St. Clair Confesses to Killing.

Rockford, Ill., Jan. 21.—Mrs. Mary E. McIntosh was found murdered in her home at 1239 West State street by a milkman. Her body was mutilated in a most horrible manner.

The victim's head was crushed in, her throat cut and great gashes in the abdomen allowed the bowels to protrude, while one lung was cut out and thrown on the floor. Evidence of any struggle was absent, the terribly mutilated body being found just inside the front door of the room in which the deceased lived. The rest of the house was closed off, and the other occupants were not molested by the murderer.

A close survey of the house failed to reveal weapon or instrument of murder, which evidently was carried off. Discovery of the crime was made by Henry Branthauer, a milk man. Robbery is supposed to have been the motive, as a ridge on the body would indicate she wore a money belt, and that in getting it off the murderer dismembered the victim.

Mrs. McIntosh lost part of her fortune through a dishonest agent years ago, since which time she has been most eccentric and lived as a recluse.

Clinton St. Clair and wife were later arrested as suspects and under police pressure St. Clair confessed he killed Mrs. McIntosh.

# N. Y. SENATE WILL TRY ALDERS.

He and Conger Withdraw from Seats—Solutions to Sit as Court.

Albany, N. Y., Jan. 21.—These are the latest developments in the series of scandals which have recently been unearthed at the capitol.

The senate ordered President Pro Tem Jotham P. Alders placed on trial before that body on charges that he accepted money bribes to stop legislation.

Alders formally withdrew from his senatorial seat pending the issue of the inquiry.

Senator Benn Conger, Alders' accuser, also quit his chair until he has either proved or failed to substantiate his allegations.

Lieut. Gov. White, whose insurance deal with John Tavis is being probed by a grand jury, was refused the privilege as president of the senate of participating in the Alders-Conger investigation.

# EDISON TESTS HIS BATTERY.

"Doom of the Trolley" Is Predicted by  
Traction Experts.

New York, Jan. 21.—The obituary of the overhead electric wire, with its attendant trolley pole and the underground slot system of supplying current to electric cars, was written by Thomas A. Edison, according to traction experts who witnessed a demonstration of his new storage battery car at Orange, N. J.

The car, which was specially constructed for the new batteries, is 21 feet long and carries 30 passengers. One-half the weight of an ordinary car the same size, it rides on a single track and is propelled by a strap drive. It is equipped with 210 cells arranged under the seats on both sides, and has a total force of 50-horse power.

Edison estimates that the cost of driving the new car will be one cent a mile.

# WAGES WAR AGAINST BALOON.

John D. Rockefeller Gives \$5,000,000  
to Help Fight.

Norfolk, Va., Jan. 21.—According to reliable information John D. Rockefeller several months ago gave \$5,000,000 to aid in the fight being waged against the saloon by the Anti-Saloon league and other temperance organizations. It was stipulated that a portion of this money was to be used in establishing newspapers in various states of the union.

# ROUSED SOLONG TAKE CHAIRS.

Vote Themselves Furniture Used in  
Boston Council Chamber.

Boston, Jan. 21.—The retiring members of the common council of Boston, which is abolished under the new charter, voted to bestow upon themselves the desks and chairs which they used in the council chamber. The order included the provision that if any member had scruples about taking away the furniture he might pay the city a small compensation for the same.

# Asks Cash to Purge City.

New York, Jan. 21.—John D. Rockefeller, Jr., wants the city of New York to make a special appropriation to stamp out "white slavery." He called on both Mayor Gaynor and Comptroller Prendergast with the hope of his pressing them with the necessity of placing the matter before the board of estimate, so that money can be provided forthwith.

A new house has just been completed at Shefford, England, and it is said to be the first one built there in fifty years.

# HUNT CHICAGO RIPPER FIEND

HEADLESS BODY OF WOMAN  
FOUND IN CHEAP ROOM-  
ING HOUSE.

# HEART HAD BEEN CUT OUT

Crime Is Laid to Criminal Who Rivals  
Whitechapel Slayer—Nine Arrests  
Are Made, But Police Discover  
No Clue.

Chicago, Jan. 21.—The discovery of the headless and otherwise mutilated body of Jennie Clegghorn, 48 years old, a woman who was once quite wealthy, in a cheap rooming house at 51 West Seventeenth street, revealed a murder rivaling the atrocious Whitechapel outrages committed in London a number of years ago.

The body was gruesomely mutilated. The head had been cut from the woman's shoulders and carried away by the murderer. The heart and other organs had been cut out and then replaced.

# Fought for Her Life.

The flat showed conclusive signs of the terrible fight the woman had made for her life. Her scalp had been torn from her skull and was found, with an ear attached, lying under a bed. On her chest and shoulders were marks where her assailant had gripped her.

The devilish knowledge of anatomy which the murderer of the Clegghorn woman must have had has puzzled the police more than any other feature of the crime. The woman's head was severed cleanly from the trunk. The removal of the scalp was made possible by well directed cuts of a sharp knife. The incisions in the body were made with surgical skill.

# No Clue to Murderer.

The murderer of the Clegghorn woman left no trace of his departure from the house. After committing the crime he placed the headless body on the floor of the bedroom and wrapped it in a sheet. How he entered the flat is a mystery which the police have been unable to solve.

A hundred detectives searched scores of houses within the radius of a mile of the house for the missing head. Fully half a hundred women and men were taken to the Twenty-second street police station and questioned.

Eight persons were held. The first one arrested was Tillie Taylor, an elderly negro woman who runs the house where the Clegghorn woman was slain.

# Barber Saw Body.

A remarkable incident connected with the murder came when James Isabella, 28 years old, a negro barber, admitted that he had slept in the rear room of the flat during the night. He confessed that he had seen the dismembered body, but declared he had been so frightened that he fled from the scene. He said that he had feared that if he told the officers he would be charged with the murder. He declared that he had heard no struggle in the woman's room.

# 1,000 SIGN FOR MEAT STRIKE.

Citizens of Wilmington, Del., Will Abstain from Meat.

Wilmington, Del., Jan. 21.—It is estimated that 1,000 Wilmingtonians already have signed the petitions agreeing to abstain from meat for 30 days, or until the price is lowered to a reasonable figure. The petitions are being signed by lawyers, physicians and business men, as well as workmen.

Local meat dealers are becoming alarmed.

# WOULD RETIRE FOR ROOSEVELT.

Representative Cocks Is Ready to  
Step Down and Out.

Washington, Jan. 21.—Representative William Cocks of New York stated that if Theodore Roosevelt wanted to enter the house he would retire at any time and help elect him to the seat which the Oyster Bay representative holds. He said that the idea of electing Mr. Roosevelt to the speakership was a new one to him, but that the idea of his possible election to the house had often been discussed among New Yorkers.

The statement of Representative Cocks follows the circulation of reports that Mr. Roosevelt is willing to stand for election to the house, provided he has the support of the majority for the speakership.

# Veteran Dies at Banquet.

Winchester, Va., Jan. 21.—While relating some of his interesting war reminiscences E. Holmes Boyd, one of the leading lawyers of Virginia, was stricken dead by apoplexy at a confederate banquet in honor of Gen. Lee's birthday. He was 70 years of age.

# Johnson Editor of Century Magazine.

New York, Jan. 21.—Robert Underwood Johnson was appointed editor of the Century Magazine in the place of the late Richard Watson Tilgher. Mr. Johnson had been associate editor of the magazine since 1881.

# New Definition of Gentleman.

"A gentleman," says the Philosopher of Polly, "is a man who is so dead sure that he is one that he doesn't think he has to tell people so."

True Blessedness, Matt. x:1-16.  
Golden Text—Blessed are the pure in the heart for they shall see God.

Matt. vi:8.  
Verses 1-2—How much do you remember of the last sermon you heard? To what extent is the modern style of taking a text and preaching a sermon from it, a success as a teaching exercise?

Did Jesus use a pedagogical, or an oratorical style in his address, and would it be better for the extension of the kingdom of God if the modern pulpit would adopt his method?

Verses 3-4—What, in the last analysis, is the essential qualification of being a subject of the kingdom of heaven on earth?

If a person is a subject of the kingdom of heaven on earth, what other qualifications are necessary for the kingdom of heaven?

Verses 5-6—"Blessed" means happy, how is it possible to mourn and be happy at one and the same time?

Which Christian reaches the highest altitudes of bliss and enjoys the sweetest comforts of God, one who has had great sorrow or one who has been free from sorrow, and why is it so?

Verses 7-8—Give some examples of well-to-do men, and then say which class, as a rule, get the best things on earth, the "meek," that is the modest, unselfish, and generous, or the boastful, self assertive, and selfish? (This question may have to be answered in writing by members of the club.)

Verses 9-10—What is your definition of righteousness?

What are the conditions for such soul health, as to "hunger and thirst" to be righteous? Is this state under the control of every man's will?

If a person really desires it, may he be sure of being "filled with righteousness," that is of being perfectly right with God?

Verses 11-12—From the suggestions in this verse, if a person is not merciful, what does that indicate as to his standing with God?

If a man has been grievously injured, and we find out that he has fully forgiven his enemy, what does that indicate as to the man's standing with God?

Verses 13-14—Are there those who always have a perpetual vision of God, and what conditions do they observe to keep the experience?

What does it imply, to be pure in heart, and may all attain that experience?

What was Jesus' experience as to his realization of the constant presence of God?

Verses 15-16—Mention some reasons which you think would justify a Christian in being the plaintiff in a law suit?

What is it to be a "peace maker" after the pattern that Jesus here means?

Verses 17-18—Are really good people persecuted in these days because of their goodness?

Why did the religiousists of those days persecute Jesus, and finally put him to death?

Verses 19-20—Of what use is the word in a so-called "cold Christian?" Can a person be a real Christian who is not aggressively engaged in doing good? Why or why not?

Lesson for Sunday, Jan. 30th, 1910.  
Home Laws of the Kingdom. Matt. v:17-26, 33-34.

# NEW RHODIUS WILL BE FILED.

Elma Dare Gets Fortune Through Probating of Document.

Indianapolis, Ind., Jan. 21.—Instead of cutting off Elma Dare, the woman who is now seeking to establish the validity of her alleged marriage to the late George Rhodius, the Indianapolis millionaire left her entire estate, valued at about \$1,000,000, according to a bill filed for probate here.

The filing of the new will came as a complete surprise. By the codicil of a will filed previously Rhodius left \$500,000 to the city of Indianapolis to be used in the building of parks. The remainder of the Rhodius fortune was distributed among friends and relatives, Elma Dare being cut off without a cent.

# EGG OF \$12,000 HEN STOLEN.

Owner of Fowl Offers Large Reward For Its Return.

Scranton, Pa., Jan. 21.—There was consternation at the Scranton poultry show when it was discovered that an egg laid by the \$12,000 prize winning Orpington hen Lady Washington had been stolen from the coop in which she is kept. It had been laid only a short time before.

F. A. Negarkee, owner of the hen, has offered a large reward for the return of the egg and the police are searching for the thief.

# LINCOLN'S KIN GETS PENSION.

Woman of Ninety Granted \$10 Monthly and \$1,775 Arrears.

# RAINEY DEFEATED IN FIGHT IN HOUSE

Congress Rejects Nominee of Democrats for the Ballinger Inquiry Committee.

Washington, Jan. 21.—James T. Lloyd of Missouri and Otis M. James of Kentucky were elected by the Republicans in the house as Democratic members of the special committee to investigate the general land office and the interior department.

Democratic leaders made an effort to substitute Henry T. Rainey for Lloyd, Rainey having been the Democratic choice, but was rejected by the Republicans on the insistence of President Taft.

The effort was defeated by a vote 192 to 214, every Republican except Miles Polinder of Washington voting against Rainey. The Democrats supported Rainey. The "insurgents" made good their peace agreement with the president and joined with the other Republicans in turning Rainey down.

Mr. Lloyd later resigned from the committee. He caught the Republicans napping and absent from his post when he presented his resignation to Speaker Cannon. A unanimous caucus ensued when Lloyd pressed for its acceptance. Underwood of Alabama relieved the situation by acknowledging an unfair advantage had been taken unwittingly by the Democrats. Action on the resignation was deferred.

Sandy Pikes—"What's become of old Dusty Dennis?"  
Gritty George—"Yer won't see Dusty for some time. He went up around de north pole and an Eskimo judge gave him 30 days."

Sandy Pikes—"Well, when will he be out?"  
Gritty George—"In 15 years. De days up dere are six months long."

## FALLING HAIR

You Run No Risk When You Use this Remedy

While many people in their prime doubt the assertion that "the hairs of our head are numbered" yet there is today many a man and woman fast reaching the point where this statement is literally brought home to them. If you suffer from irritation of the scalp, and from dandruff, or if your hair is falling out, do not wait until you reach the point where you can actually count how many hairs are left on your head.

Most cases of baldness are caused because the roots lack proper nutrition. In such cases there is a medicine which forces thought the scalp along the line of the hair into the root and when it lodges there it begins to destroy the fatty matter around the hair roots. When the scalp and hair roots are strong and healthy, it is impossible for these microbes to get in their deadly work.

We can promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using **Rexall's Hair Tonic**. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and restores hair health. It is as pleasant to use as pure water, and it is delicately perfumed. It is a real toilet necessity.

We want you to try **Rexall's Hair Tonic** with our promise that it will cost you nothing unless you are perfectly satisfied with its use. It is sold in two sizes, price 50 cents and \$1.00. Remember you can obtain it only at our store—**The Rexall Store, The Smith Drug Co.**

## WOMAN'S PAGE

## The Evening Chit-Chat

By RUTH CAMERON

WHEN anyone is more afraid of being found out by the world than he is of being found out by his own disapproval it seems to me that he is on a very dangerous down grade.

Are you?

If you are, please let me suggest that you put on the brakes and think it over.

When anyone suffers acutely because he has violated his own sense of right and wrong he has reason to be very happy in the midst of that suffering to know that he can feel it.

The next time you do something you know that you should not and are bitterly regretting it and worrying over it, stop a moment and ask yourself whether you are unhappy because you have violated your sense of right or because you are afraid you will be found out.

If it's the former, no matter how unhappy you are, I congratulate you.

If it's the latter, no matter how successfully you get out of your difficulties, I am heartily sorry for you.

We are apt to think of a person who always escapes the consequences of his foolish or wicked acts as lucky.

But he isn't. He is the most unlucky person in the world.

Consequences are the universe's medicine for our sins and mistakes.

We may often manage to escape taking the medicine and triumph like a foolish child who has contrived to fool his nurse and escape some disagreeable dose, but like the child, we are pretty apt to suffer for our cleverness sooner or later.

The man who does something that in his heart he condemns, tangles that to have other people know about it would be the worst thing that could happen to him. As a matter of fact, not having other people's disapproval to bolster up his own, is an infinitely greater misfortune.

It seems to me that an over emphasis on the importance of not being found out, an inflation of the value of a righteous appearance, is one of the greatest weaknesses of this showy, hurrying life of modern times.

Of course I didn't live in the olden times, so I can't say with authority that things were any different then, but it does seem to me as if the advice "be good, or if you can't be good, be careful" is a mirror of the peculiarity of the twentieth century way of looking at things, and as if the man who said, "The twentieth century way of looking at things is being found out," hit the nail about as squarely on the head as possible.

Next time that you do something against the counsel of your better self, suppose, instead of hoping and praying that the consequences be averted, that you try to realize that it would be the best thing for you that you should be found out.

No, I know that you won't be entirely successful this time, or maybe ever, but I think it is a healthy exercise for the soul.

Ruth Cameron

## GROWTH OF THE SOUL.

By MARY RUSSELL.

A strange thing is the soul. Out of the unknown, with a little pinpoint of light of destiny it comes. Out into the unknown, with a sign of relief it goes. What link we use to the progress but with eyes opened to the ultimate good—with hearts attuned to the cry of the sorrow of the world, even as the bill of Calvary reached to the cry of divine pity and pain—so will the souls of men rise and burgeon with the springtime of love eternal—the love that is not for man but for all mankind.

Always there will be those that will answer. Always there will be the effort of the baser soul to obstruct the way of progress but with eyes opened to the ultimate good—with hearts attuned to the cry of the sorrow of the world, even as the bill of Calvary reached to the cry of divine pity and pain—so will the souls of men rise and burgeon with the springtime of love eternal—the love that is not for man but for all mankind.

Slobay—"Wasn't it awfully cold last night?"

Miss Swift—"I really don't know. Jack Higgins and I went sleighing."

If it's the former, no matter how unhappy you are, I congratulate you.

If it's the latter, no matter how successfully you get out of your difficulties, I am heartily sorry for you.

We are apt to think of a person who always escapes the consequences of his foolish or wicked acts as lucky.

But he isn't. He is the most unlucky person in the world.

Consequences are the universe's medicine for our sins and mistakes.

We may often manage to escape taking the medicine and triumph like a foolish child who has contrived to fool his nurse and escape some disagreeable dose, but like the child, we are pretty apt to suffer for our cleverness sooner or later.

The man who does something that in his heart he condemns, tangles that to have other people know about it would be the worst thing that could happen to him. As a matter of fact, not having other people's disapproval to bolster up his own, is an infinitely greater misfortune.

It seems to me that an over emphasis on the importance of not being found out, an inflation of the value of a righteous appearance, is one of the greatest weaknesses of this showy, hurrying life of modern times.

Of course I didn't live in the olden times, so I can't say with authority that things were any different then, but it does seem to me as if the advice "be good, or if you can't be good, be careful" is a mirror of the peculiarity of the twentieth century way of looking at things, and as if the man who said, "The twentieth century way of looking at things is being found out," hit the nail about as squarely on the head as possible.

Next time that you do something against the counsel of your better self, suppose, instead of hoping and praying that the consequences be averted, that you try to realize that it would be the best thing for you that you should be found out.

No, I know that you won't be entirely successful this time, or maybe ever, but I think it is a healthy exercise for the soul.

## GROWTH OF THE SOUL.

By MARY RUSSELL.

A strange thing is the soul. Out of the unknown, with a little pinpoint of light of destiny it comes. Out into the unknown, with a sign of relief it goes. What link we use to the progress but with eyes opened to the ultimate good—with hearts attuned to the cry of the sorrow of the world, even as the bill of Calvary reached to the cry of divine pity and pain—so will the souls of men rise and burgeon with the springtime of love eternal—the love that is not for man but for all mankind.

Always there will be those that will answer. Always there will be the effort of the baser soul to obstruct the way of progress but with eyes opened to the ultimate good—with hearts attuned to the cry of the sorrow of the world, even as the bill of Calvary reached to the cry of divine pity and pain—so will the souls of men rise and burgeon with the springtime of love eternal—the love that is not for man but for all mankind.

Separate Blouse.

A pretty blouse entirely of tucks is given here and demonstrates the popularity of chiffon cloth as a material for separate waists. This was over white, being itself a soft gray. The "V" shaped neck and front, closing together with the upper sleeve, are bordered by a stitched band of tulle.

The yoke and undersleeves are of gray, buttons in self-tone are the only decoration; these appear on the front of the bodice only.

**First Brands Used.**  
A little more than 70 years ago there was no such thing as a brass band in existence. The very first band entirely of brass dates no further back than 1855. Prior to that time even the military music was produced almost entirely from instruments of wood, and as recently as 1873 a full regimental band consisted of two oboes, two clarinets, two horns and bassoons.

**NEWARK RESIDENT  
HAS PASSED AWAY**  
Mrs. Bryan Smith, 80, who has made her home in Township for many years, died Monday.  
(SPECIAL TO THE GAZETTE.)

Newark, Jan. 20.—Mrs. Bryan Smith, 80, one of Newark's oldest and most highly esteemed residents, passed away Monday afternoon at two o'clock, after an illness of a week's duration.

Mrs. Smith was eighty-one years of age. She leaves to mourn her loss a bereaved husband and seven children, four daughters, Mrs. Thos. Lhuennan of Beloit, Mrs. Byron Graham, Mrs. Walter Garde, and Miss Julia Smith; three sons, Matthew, John and Byron.

all of Newark. Mrs. Smith was a faithful wife, kind mother and true friend. Funeral services were held Friday morning from St. Jude's church, Beloit, Father Hanz of Beloit and Father Reilly of Rockford officiating. Interment was made in Beloit Catholic cemetery.

**Weber-Kelly Nuptials.**  
Miss Emma Weber and Grover Kelly of the town of Newark were united in marriage at the German parsonage at Beloit last Wednesday. The bride was attended by her sister, Miss Ida Weber, and the groom by John Weber, a brother of the bride. After the ceremony the bride party repaired to the home of the bride's parents, Mr. and Mrs. Casper Weber. The bride is a young lady held in high esteem by her many friends. The groom is one of our enterprising young farmers. They will go to housekeeping at once on the farm of the groom's mother. The many friends of Grandma Ross will be pained to learn that she fell Tuesday evening and broke her hip.

Messrs. Rex and Arley Graves of Nebraska are the guests of their aunt, Mrs. T. Kelly, Sr.

Conrad Olson of Albert Lea, Minn. is the guest of his sister, Mrs. Albert Knudsen.

**PIONEER OF CUT-OFF  
CITY PASSED AWAY**  
Mrs. Eliza Winthrop, who has resided in Janesville fifty years, died Friday Sunday.

(SPECIAL TO THE GAZETTE.)  
Janesville, Jan. 20.—Mrs. Eliza Ann Winthrop, widow of the late Nelson Winthrop, passed peacefully away at her home on Main street last evening at six o'clock. Although she had been in failing health for several months her death came very sudden and unexpectedly as she had been confined to her bed but two or three days and few outside of the immediate family knew that she was critically ill. Her death was due to an attack of heart trouble. Mrs. Winthrop was born in Cayuga county, New York, February 8, 1824, and was the oldest daughter of Mr. and Mrs. Anson G. Parsons. In 1851 she came with her parents to Wisconsin and on the 27th day of March of the same year she was united in marriage to Nelson Winthrop at her home in Cayuga county. They remained there until they moved to Janesville and for more than half a century this city has been her home. As the years have passed she has won to herself a host of warm, loving friends and her memory will long be cherished in the hearts of those who have known her. For many years she has been a devoted and faithful member of the Congregational church and has always been an ardent Christian worker. She is survived by three sons: Fred H. of this city; Frank H. of New Mexico; George P. of Frederick, S. Dakota, and a niece, Mrs. V. A. Astell, who for many years made her home with Mrs. Winthrop. She also leaves two sisters, Mrs. Josephine Story of this city and Mrs. Harriet Hunt of Cheltenham, and one brother, Andrew S. Parsons of Oregon, Wis. At this time funeral arrangements have not been fully completed, as the time of holding the services will depend on the arrival of the son from New Mexico.

Rev. A. L. Whitcomb is expected from Edgerton today and will assist in the revival meetings which are being held in the Seminary chapel.

Miss Corn Harris is in Janesville today in attendance at the district convention of the Daughters of Rebeccah.

Miss Anna Van Wagoner visited friends in Janesville yesterday.

Eugene Millard will arrive from Boyer Dam on Friday evening for a visit with relatives and friends.

Mr. and Mrs. Lee Munns of Toledo, Iowa are visiting at the home of A. Critchfield.

Mr. and Mrs. Riley Brooks were Janesville visitors yesterday.

Miss Katherine Love is spending the week with relatives in Milwaukee.

**NEW SPECIMENS FOR  
COSTLY COLLECTION**  
Eleven Ivory Statuettes Imported From Japan Secured by Geo. S. Parker.

George S. Parker has just received from Japan eleven exquisitely carved ivory statuettes to add to his collection of ivory, which is conceded to be the best in the state.

For more than twelve years Mr. Parker has been adding choice examples of ivory work to his collection, some of which are very valuable, both because of excellence of the workmanship and their age.

The collection received yesterday consists of nine miniatures of Japanese children, grouped in characteristic attitudes and two likenesses of Japanese workmen. One of the two larger figures represents a merchant, tossing eggs. He is kneeling, with a basket of eggs beside him and squinting through hollowed palms. The other shows a peasant blowing chaff from a broad pan containing grain.

All the figures are carved with the greatest skill and show the extreme care with which the Japanese artists pursue their art. Every miniature is true to life and not the slightest detail is neglected. The squinting expression on the face of the egg tosser and the puffed up features of the peasant blowing chaff, need no artificial coloring to make them lifelike.

**MONROE YOUNG LADY  
TOOK PART IN PLAY**  
Mrs. Adelaide Crawford, daughter of Mr. and Mrs. Henry Ludlow, Star in Play Given in Chicago.

(SPECIAL TO THE GAZETTE.)  
Monroe, Wis., Jan. 21.—Mrs. Adelaide Crawford, daughter of Mr. and Mrs. Henry Ludlow of this city, had the leading role in Bronson Howard's famous play, "Young Mrs. Winthrop," which was presented by J. H. Gilmore's pupils at the Ziegfeld theatre, Chicago, yesterday afternoon. Mrs. Crawford was selected for the leading part of "Young Mrs. Winthrop," out of a class of forty young women, and her dramatic work during the

last year has brought mention from Charles Dillingham and Daniel Frohman, both of whom predicted for her an enviable position on the professional stage.

**Local News.**  
Mr. and Mrs. Ludlow were in Chicago for the play and also for the marriage of their son, Charles A. Ludlow, who was married to Miss Frances Wagner of Waterloo, N. Y., last night in the apartments of Mr. and Mrs. J. H. Crawford at Hotel Vincennes, Chicago. Mr. Ludlow has been located at Waterloo for a number of years.

Blondley & Melrose have sold their clothing store on the north side of the square to Louis Kohn and Ray Crow, two well-known young men of the city. Mr. Kohn has been with the clothing firm of Knight, Hefty & Schneider for some years. They will take possession as soon as the invoice of the stock is completed.

The Monroe Scouts, who bowed in the state tournament at Fond du Lac, defeated a Freeport team in a match game at the Oshkoshan allegro here. They made a total score of 2538 to 2474 under the report.

Miss Anna Schneider and Fred Hartschell, both of Albany, were married here yesterday by Rev. Alfred Schuch.

Mrs. C. W. Twining is making a visit to friends in Chicago.

Mrs. Willis Ludlow spent yesterday at Freeport.

L. P. Bragg, J. H. Miller and Dr. W. A. Moore are in Chicago.

Mr. and Mrs. Paul J. Weirich are home from Chicago, where they attended the electrical show.

Mrs. A. J. Schneider is visiting relatives at Brookfield.

Mrs. Maggie Ward is visiting at Janesville.

## A CLEVER GAME WAS WORKED BY SHARPER

Purported to Be Advice Agent, for Theatrical Production and Had Check for \$600 Cash.

One of the smoothest bank games worked in Janesville for a long time was pulled off on Monday by a man who was posing as an advice agent for the Myers Hotel on Tuesday and Mr. Squires is now out sixty dollars in consequence. Further than that there seems to be no possibility of cornering the gentle stranger with the persuasive story and only a very meagre description of him is given and his name, probably assumed, "W. F. King," to help identify him.

On Tuesday this "Mr. King" appeared in Janesville and sought out P. L. Myers, manager of the Myers Theatre. He claimed to be the advance manager of a wonderful dramatic production which carried thirty-five people and went under the title of "A Daughter of the Slaves" and wanted a date at the local theatre.

He presented a card which purported that the firm of Darc & Clawson were owners of the production. The show, according to Mr. King, had played in the Herald Square theatre, New York, for a year, was shortly to go to the Colonial, Chicago, for two weeks and then to Iowa and had a few open dates in February, one of which Mr. King would be glad to fill by coming to Janesville.

"His story was so contrary to facts—'The Midnight Sun' having played at the Herald Square for many months past, and Mr. Myers knew nothing of the production of 'A Daughter of the Slaves' or of the firm of Darc & Clawson—that not much credence was given the tale. However, Mr. King was told that February 15th was open and terms were agreed upon pending arrival of contracts. An Myers was confined to the home with an attack of the grippe. King returned to the Myers hotel alone.

Here he met Squires and talked with him about the coming engagement of his company. He informed him he had a contract with Mr. Myers and that his production was a large one. He also brought out a letter from his managers—Darc & Clawson—in which he was given instructions as to what to do regarding an engagement in Madison; also a check for sixty dollars, drawn on the Bank of Chicago, signed by Darc & Clawson and countersigned by Darc.

Speaking of Madison he told of having been born there, and knew many persons whom Mr. Squires knew, calling them by name and talking as though an old friend of theirs. Then he asked Squires to cash the check. Mr. Squires then called up Myers to see what was known about the man and was informed that Myers knew nothing of King beyond what he had told him nor of the firm of Darc & Clawson.

Turning to King, Squires told him that Myers did not know him or his firm, whereupon King took the phone and from the conversation carried on with Myers, Squires only hearing King's conversation and not Myers' answers, gave the impression that he had cleared away all Myers' doubts as to his identity. He also flashed an "A" card given by No. 2 of Brooklyn, N. Y., and these facts together with the apparent intimate knowledge he had of Madison people led Mr. Squires to cash the check.

In his kindness of heart Mr. King also gave Mr. Squires an order for two "best seats" in the theatre on the night of the production of his show and visited with him for some time, leaving to catch a train for Madison to close his contracts there. Since then he has not been heard from, nor did he go to Madison as far as can be learned.

The check has been returned marked "No Funds," and as far as can be learned there is no travelling company known as "A Daughter of the Slaves" nor any theatrical firm of "Darc & Clawson." "W. F. King," the name used, is a man about forty, weighing about one hundred and eighty pounds and in his conversation claimed to have been an actor until his voice went back on him. He alleged he had played parts with leading companies and had also been a railroad man in his younger days.

It was a smooth game and well worked and Mr. Squires has sent out notifications to other hotel men that they may not be caught by the same game. There seems to be but little possibility of capturing the man and he has doubtless another name, both for himself and his theatrical production, if he is trying to work some other city in a similar manner.

## NOTES FROM THE LABOR WORLD

Boston Carpenters' Union No. 32 has a wives' mutual benefit system. The Carpenters' International is voting on the question of establishing a death benefit.

The Musicians' International now has a membership of 36,000. Twelve years ago it was 6,000.

Minneapolis and St. Paul, Minn., locals of the Bakery and Confectionery Workers' Union have formed a joint council.

The Alabama State Federation of Labor has declared in favor of a national sanatorium for the treatment of tuberculous.

During the past year fifty-one international labor organizations paid an aggregate of death benefits amounting to \$1,187,043.

The library of the Union Printers' Home, Colorado Springs, is the largest and best owned by any labor organization in the country.

In the order of rank as to membership the leading labor organizations of the country are: Miners, carpenters, painters and garment workers.

E. Victor Tarantula, Secretary-treasurer of the Leather Workers' union of America, was born in Sweden and is now employed as a subeditor in the Lowell, Mass., postoffice.

The legislature of Saskatchewan, Canada, recently adopted a clause to the factories act, fixing the legal working day for women at a maximum of eight hours out of twenty-four.

The referendum vote of the International Pressmen and Assistants' Union on the proposition to establish a home in Tennessee resulted favorably to the proposition by 1,265 votes.

San Francisco Typical Union is already making strenuous efforts to obtain the international convention for 1911. The unionists have formed a combination to back up the movement.

There is to be a strong effort on the part of the American Federation of Labor to have Congress divide the department of commerce and labor and have a cabinet officer for labor and one for commerce.

After an active and successful career of more than twelve years, Boston Bootmakers' Lodge No. 9, is about to disband. It will allow the members to act as individuals in the matter of joining the international.

At the present time there are represented in the union label trades department of the American Federation of Labor thirty-seven national and international unions with an approximate membership of four hundred thousand.

The San Francisco Iron Trades Council has instructed its secretary to communicate with the California representatives in Congress and ask them to interest themselves in obtaining a uniform eight-hour day for all iron trades under federal direction.

Labor Commissioner Melgren, of Minnesota, is arranging for an exhibit, next February in Minneapolis of safety appliances for the prevention of accidents to workmen. It will be held under the auspices of the Minnesota Museum of Sanitation and Safety.

## J. H. S. PLAYERS WON EASILY FROM BELOIT

Line City High School Basketball Team Outclassed and Defeated 45 to 21.

Beloit high school football team proved an easy victim for the skill and prowess of the Janesville high school players in a game at the local stadium yesterday afternoon, the line city five being defeated by a score of 45 to 21. The visitors put up a good game but lacked the snap and ginger and the speed which the flower City squad has, who considerably outclassed their opponents. The teamwork of the Janesville quintet was largely responsible for the victory.

The lineup and scores were as follows: Janesville—Murphy, right forward; Koch, left forward; Hemming, center; Green, captain, right guard; Wilkinson, left guard.

Beloit—Carey, right forward; Ralston, left forward; Bridgman, center; Ghartry, right guard; Van Camp, left guard.

Field goals—Hemming, 7; Murphy, 5; Carey, 3; Ralston, 3; Koch, 2; Green, 2; Wilkinson, 1; Bridgman, 1. Free throws—Murphy, 10; Ralston, 6; Koch, 1; Carey, 1.

## PHOTOGRAPH SHOWS TAIL ON THE COMET

Professor Barnard of Harvard Finds Faint Signs of Appendage to Halley's Comet.

Halley's comet, which has not been visible to astronomers since 1835 and has again made its appearance, has shown a faint tail, according to a bulletin just issued by the observatory at Harvard college. On December 29, Professor Barnard with a Bruce telescope photographed the comet, and the negative shows the appendage, faint, but very slender and straight. At the last appearance of the comet, it was noted for the peculiar and sudden changes which took place in its aspect, sending forth huge flames, which directed toward the sun. These brilliant emanations, after accumulating on the surface, were swept violently back and formed a tail of considerable length. A number of eminent astronomers reached the conclusion that this was entirely an electrical phenomenon.

The tail exhibited by the comet in 1835 consisted of long, straight rays, some along as in a torrent and having an initial velocity of five miles a second. The velocity was increased constantly until it became enormous. The tail of the comet as observed on the 29th of last month has not yet reached the size of the one seen on October 15, 1835, but it will undoubtedly grow in dimensions.

**ENJOYABLE SMOKER  
GIVEN BY EAGLES**  
Genuine German Hasenpfeffer Served to Members of the Local Aerle Last Evening.

Members of Aerle No. 224, F. O. E., enjoyed a novel smoker at their hall last evening after the regular meeting at which the officers for the coming year were installed. What was termed in the invitations issued as a "genuine German Hasenpfeffer" was served which was enjoyed by those present. Many visiting members from Beloit and the vicinity were present and the festivities continued to an early hour this morning.

The local aerle now has three hundred and ninety-five members and has under consideration a purchase or erection of a large building to be known as the Eagles' club house. Plans are also being made to invite the state convention of the order here for the "nineteen eleven" convention and a marching club is being organized to go to the coming gathering in Sheboygan to induce the convention to name Janesville as their meeting place for next year.

**HEALTH NOTES**  
Sodium Phosphate is a liver stimulant. It increases the flow of bile which is necessary to the proper digestion of food. It also stimulates bowel action. A good many forms of indigestion and constipation are promptly relieved by a few doses of Effervescent Sodium Phosphate taken before breakfast each morning. Jaundice or yellow skin, headache, dizziness, sour stomach, and other complaints can be traced to the liver. Stimulate the liver and the trouble is gone. Sodium Phosphate that has always been sold at 50c a bottle for a few days we will sell at 25c a bottle. Get it today. Give it a trial. You will be much pleased.
